EDUCATION

Universitas Bina Nusantara

Undergraduate of Computer Science, GPA: 3.58/4.00

Alam Sutera

Sep 2023 — Present

EXPERIENCE

Freelance Software Engineer

Jul 2025 — Present

Gridism co.

- Architecting the full-stack infrastructure for a web application, translating business requirements into detailed technical specifications.

Event Software Technician

Aug 2025 — Present

About Studio

- Ensured 100% software uptime across multiple events by providing real-time technical support for on-site printing, digital image capture, and post-event gallery delivery to clients.

PROJECTS

CardShop | .NET, C#, MySQL, SAP Crystal Reports

- Reduced manual reporting time by ~40% by integrating custom SAP Crystal Reports into a modular .NET/C# back-end architecture across 5 Domain-Driven Design layers and a normalized 5-table MySQL schema.

AnakKost | Laravel, PHP, MySQL, CSS

- Ensured 100% data integrity across 4 distinct entities by enforcing strict foreign key constraints and validation logic within a MySQL database managed via Laravel Migrations.
- Achieved 100% UI responsiveness across mobile, tablet, and desktop devices by implementing adaptive CSS layouts and media queries.

NextStep | HTML, CSS, JavaScript, Firebase

- Enabled real-time access to scholarship postings by integrating a Firebase backend that synchronizes CRUD operations instantly across all devices.

ORGANIZATION EXPERIENCE

Member

Apr 2024 — August 2025

Ureeka

- Developed and deployed software solutions for national competitions (e.g., Gemastik 2024) using Agile methodologies to deliver results within a 3-person team.
- Actively engaged in community coaching and technical training sessions to continuously refine software development proficiencies.

SKILLS

Programming Languages: JavaScript, Python, TypeScript, SQL, PHP, C#, HTML5, CSS3

Frameworks & Libraries: React, Next.js, Laravel, .NET

Developer Tools: Git/Github, Postman, Firebase, phpMyAdmin, Vercel, Railway

CERTIFICATIONS

Career Essentials in Software Development | Microsoft

Sep 2024

Algorithm and Programming Course | Dacode

Aug 2023
