EDUCATION

Universitas Bina Nusantara   Alam Sutera

Undergraduate of Computer Science, GPA: 3.58/4.00   *Sep 2023 — Present*

EXPERIENCE

Freelance Software Engineer   *Jul 2025 — Present*

Gridism co.

- Architecting the full-stack infrastructure for a web application, translating business requirements into detailed technical specifications.

Event Software Technician   *Aug 2025 — Present*

About Studio

- Ensured 100% software uptime across multiple events by providing real-time technical support for on-site printing, digital image capture, and post-event gallery delivery to clients.

PROJECTS

CardShop | *.NET, C#, MySQL, SAP Crystal Reports*

- Designed and implemented a DDD back-end in .NET/C#, reducing maintenance effort and cutting troubleshooting time by building a maintainable MySQL schema with secure authentication, transaction and inventory modules, and SAP Crystal Reports dashboards that improved admin visibility and enabled more data-driven decisions

AnakKost | *Laravel, PHP, MySQL, CSS*

- Designed and managed the full MySQL database lifecycle within Laravel, executing robust schema migrations, defining strict Model relationships, and utilizing factories for comprehensive data seeding.

NextStep | *HTML, CSS, JavaScript, Firebase*

- Implemented a responsive web application that increased student access to scholarships and internships by building an HTML/CSS/JS frontend with a Firebase backend providing full CRUD for service-provider postings.

ORGANIZATION EXPERIENCE

Member   *Apr 2024 — August 2025*

Ureeka

- Developed and deployed software solutions for national competitions (e.g., Gemastik 2024) using Agile methodologies to deliver results within a 3-person team.
- Actively engaged in community coaching and technical training sessions to continuously refine software development proficiencies.

SKILLS

Programming Languages: JavaScript, Python, TypeScript, SQL, PHP, C#, HTML5, CSS3

Frameworks & Libraries: React, Next.js, Laravel, .NET

Developer Tools: Git/Github, Postman, Firebase, phpMyAdmin, Vercel, Railway

CERTIFICATIONS

Career Essentials in Software Development | Microsoft   Sep 2024

Algorithm and Programming Course | Dacode   Aug 2023
